PERSONAL HYGIENE

ERISAN BASE CREAM

SKIN CARE CREAM

Application

For dry skin exposed to strains and wetness.

Properties

Easily spreadable and economical cream for skin protection. Pro B5 vitamin is a powerful moisturiser with a long-lasting effect renewing and revitalising the skin. ERISAN Base Cream soothes the irritable skin restoring its moisture balance and combating drying out. This non-dye and non-scented cream is also suitable for sensitive skin. The cream designed for hands, feet and the whole body is approved by the Allergy and Asthma Society of Finland.

Caring oil content 25.3%.
Water content 70.5%.

Instructions for use

For daily protection of skin especially under demanding circumstances. Also for the whole body. Absorbing can be improved by applying small amounts at a time.

Product description

Aqua	
Paraffinum Liquidum	Neutral oil, provides breathable protection, spreads well
Cetearyl Alcohol	Protects the skin and combats evaporation of moisture from the skin, binds moisture in the skin as liquid crystals, viscosity regulator
